THE FLOOR MUST COME.

The Railroad Bridge Must be Made Passable for Vehicles.

The Deed of the Right of Way from the Late L. A. Thomas.

To the Louisville & Frankfort Railroad Co.

Every time the floor of the Railroad bridge has been removed for any purpose in years past the rumor, was at once stated that it was not to be replaced, but this rumor proved groundless until the new bridge, which has just been erected, was completed. It was authoritatively given out last week that no floor was to be put down and only foot passengers would be allowed to cross the bridge which determination, if carried out, would work great injury to the city, the residents of Bellepoint and the farmers living in the northwestern part of the county, and started an old timer to looking up a deed which he believed to be in existence from the late L. A. Thomas to the old Louisville & Frankfort Railroad Company, in which the right of way through the farm of Mr. Thomas was deeded to the railroad company in consideration of the fact that free passage across the bridge was guaranteed to Mr. Thomas, his family and employees to and from his farm. The deed was found recorded on page 149 of deed book No. 4, and dated August 23, 1850, and the contract between Mr. Thomas and the railroad company is thus set out:

1st. To permit him and those forming a part of his family, including his slaves and other laborers, whom he may from time to time have employed, to pass and repass the bridge which the company intend to construct across the Kentucky river, near the mouth of Benson Creek, *Free of Toll*. This right of passage is intended to afford to said Thomas the facilities for passing to and fro between his farm and the city of Frankfort, with such articles as may be the produce of his farm, and such as may be necessary for its support, and to include his wagons and carriages and their loads, and such stock of horses, cattle, sheep, hogs, &c., as are used to be kept on a farm. And the right of passage hereby granted by said company to said Thomas is to pass to and become vested in any future owner of said farm, and his or her family to the same extent, and to be exercised in the same manner as he by granted to said Thomas. But this right of said Thomas is to be exercised by said Thomas, &c., with his own carriage, &c., at such time as will not interfere with the cars of the company, and the company's use of the road, and shall not authorize said Thomas to put cars on the railroad.

2d. If from any cause the said company should fail to construct a bridge, or having constructed one, it should be destroyed or rendered useless, whereby said Thomas is prevented from enjoying the use of it as above contemplated, the right of said Thomas to demand damages for the right of way over the land should be and remain as it now is.

3d. If, however, after such a bridge as is contemplated in the first article above should be built,

and afterwards destroyed or rendered impassable, the said company is to have eight months to build or repair it.

The L. & N. Railroad Company, the present owner of the road, is the successor of the Louisville & Frankfort Railroad Company, and is bound to fulfill the contract entered into by its predecessor, and the farm of Mr. Thomas having been subdivided by him and sold to different parties before his death, the right of action against the railroad company to compel it to put a floor in the bridge does not vest in any one person, but in all those who own land which was a part of Mr. Thomas' farm at the time the deed was made, and each and every owner of a fraction of the farm is entitled to pass over the bridge free of toll.

It is safe to say that the railroad company will put a floor in the bridge and it will be done before the first of December, as the eight months in which it is given to complete or repair the bridge then expires and numerous suits for damages can then be brought.

Changes of Location.

Dr. James R. Ely has rented Mrs. Lucy Duvall's residence on Main street and moved in.

Mrs. Duvall will go to Colorado for her health, and Mr. John Stewart and wife have taken rooms at Mrs. Ware's.

Judge Ben G. Williams and his father, Mr. M. H. P. Williams, sr., have removed their families to the property on northeast corner of Second and Main streets, South Side, which was purchased by the Judge last Spring.

Mr. Geo. H. Watson has leased from Judge Craddock the residence on Shelby street adjoining the property of Mr. Geo. F. Berry and will take possession October 1st.

Collapsed.

The storm of Friday afternoon injured the walls of the brick blacksmith shop which stands on the south side of Main street, near the Arsenal, and Saturday morning the rear wall fell out, letting the roof tumble in. The shop was formerly used by the late Thomas Heffner and had only a few days before been vacated by Mr. Herman Hinz, the cooper-smith. The damage will be repaired at once so that Mr. James Dailey can use it for a blacksmith shop.

Cottage Sold.

Mr. L. F. Johnson has purchased from Mr. Wm. McEwan a cottage house and lot on Main street, between Third and Cross.

A Good Thing to Keep on Hand.

From the Troy (Kansas) Chief.

Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this as a pious testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by J. W. Gayle.

The New Snagboat.

The Engineering Department of the United States has just completed a new snagboat for service on the Kentucky river and has transferred the crew of the old boat, the Kentucky, to it. She has been christened the Gen. O. M. Poe and made her first trip up the river the first of the week, arriving here Monday evening with a couple of barges loaded with timbers for a new step to the dam at Lock No. 6, in tow.

She is splendidly equipped for the business and has all the modern interior improvements, with electric lights, model bow and a large wheel which gives her immense power. It is a little singular that just nine years ago Monday Capt. J. S. Browinski loaded the first trip up the river in charge of the first snagboat sent here by the government—the Quasind—and on the 9th anniversary of that trip he made his first voyage on the Poe—the third boat the government has had at work in the river. Capt. Browinski is proud of his new craft and thinks she will double discount either of her predecessors in the amount of work which can be done with her in a season.

The Wrong Man.

In our last issue we said the retaining wall on the river bank in the rear of Mr. Geo. B. Salender's had been completed by Mr. Mike Parker when we should have said Mr. Pat Noonan. It seems that Mr. Parker had the lowest bid, but refused to take the contract at the price he had named, when the work was given to Mr. Noonan, who was the next lowest bidder; hence our mistake.

Located for the Winter.

Judge J. H. Brent, of the Superior Court, and daughter, came down from Paris Monday and have taken rooms at Mrs. Ware's, corner of Ann and Clinton streets.

Judge J. H. Hazelrigg, of the Court of Appeals, has rented Mrs. Mary Haycraft's house on Third street and will move his family here from Mt. Sterling.

It covers a good deal of ground—Dr. Pierce's Golden Medical Discovery. And when you hear that it cures so many diseases, perhaps you think "it's too good to be true." But it's only reasonable. As a blood-cleanser, flesh-builder and strength-restorer, nothing like the "Discovery" is known to medical science. The diseases that it cures come from a torpid liver, or impure blood. For everything of this nature, it is the only guaranteed remedy. In Dyspepsia, Biliousness, all Bronchitis, Throat and Lung affections; every form of Scrofula, even Consumption (or Lung-scrofula) in its earlier stages and all the most stubborn skin and scalp diseases—if it ever fails to benefit or cure, you stub your money backs.

Chronic Nasal Catarrh positively cured by Dr. Sage's Remedy. 50 cents; by druggists.

The Modern Beauty

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

Hard Times.

Do you know that the best remedy for hard times is to keep your money at home and keep it circulating. Patronize your home institutions. If your grocer wants to sell you flour made in some other place, don't let him do it. Insist upon having home-made flour. You can then keep your money at home and help give employment to your home workmen and enable them to earn a livelihood for their families. Call for J. E. M. Flour. It is the Best. Put your money where it will do you and your neighbors the most good.

Ten per cent. will be added to your city taxes after September 12th. Pay up before that day and save the penalty.

To the Citizens of Franklin County.

It is being industriously circulated, by those that I presume are interested in having it believed, that in the event I am elected to the Legislature on the Democratic ticket, I will not earnestly and in good faith support the Hon. FRANKFORT ROUNDABOUT

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, SEPTEMBER 2, 1898.

Death of Maj. Wingate.

Major Robert J. Wingate died Monday morning in St. Joseph's Infirmary in Louisville. The deceased was the youngest son of the late Henry Wingate and a brother of Mrs. N. J. Sawyer, of this city, and Mrs. Maria Campbell and Mrs. Sarah McKee, of Covington. He was born in this city on the 18th of December, 1829, and was educated at West Point, having been appointed to a cadetship by the late Hon. Garrett Davis. After leaving the Military Academy he was connected with the firm of Miller, Wingate & Co., in the manufacture of agricultural implements in Louisville until the outbreak of the war, when he entered the Confederate service as a first-lieutenant. He was made adjutant of the original Stonewall Brigade, then commanded by General Garnett, and soon after was appointed Inspector-General on the staff of Gen. A. P. Hill, in which capacity he served for about three years and until the death of Gen. Hill, participating in all his campaigns. After Gen. Hill's death he was assigned to the staff of Gen. Longstreet, with whom he served until the close of the war, being present at the surrender at Appomattox.

After the close of the war he was engaged in the cotton and insurance business in New Orleans, New York and Louisville.

The remains were brought to this city Tuesday morning and interred that afternoon in the family lot in the cemetery, the services being held in the chapel on the cemetery grounds.

Killed in Illinois.

Mr. Marion Sargent, son of Mr. James Sargent, of Avenstock, Shelby county, was run over and killed by a railroad train at Forest, Illinois, at 9 o'clock Sunday night. He had just been telegraphed to come to the bedside of his wife, who is very ill at the home of her father-in-law at Avenstock. The remains were sent home Tuesday by Good Will Lodge of Odd Fellows, of Forest, of which the deceased was a member, in charge of Mr. E. Van Horn, who came to this city, turned them over to Capital Lodge, No. 6, and they were buried with the honors of the order Wednesday afternoon near Bridgeport.

The deceased was a nephew of Mr. W. G. Sargent, of this county.

Remodeling and Repairing.

Dr. E. E. Hume on Monday commenced tearing away that portion of the old Welch property which fronts on Ann street and will erect a new and modern front to the house and remodel and improve the interior of the same. Mr. S. C. Cryer has the contract.

Mr. James G. Green has sent us from his Tunnel Hill, Hardin county, fruit farm, a couple of baskets of delicious grapes. Jim's friends here will be glad to know that he is doing well in his new venture and he has a good crop this year.

Karl's Clover Root, the new Blood Purifier, gives freshness and clearness to the complexion and cures Consumption, 25c, 50c, and \$1.00. For sale by W. McKee Hardie.

An Obstruction.

The work of laying the track for the electric railway line is steadily progressing, and the contractor expects to have down a mile of rails by this evening. The trestle-work of the L. & N. Railroad across Wilkinson street is too low to admit of the passage of cars under it, and the railroad company has refused to raise it, notwithstanding it has been ordered to do so by the city council, consequently the street car company will have to abandon their line on Wilkinson, from Mero to Main, and will perhaps ask the council to allow them to use some other street in making the return loop to connect with the South Side circuit.

Swinging Around the Circle.

Of the diseases to which it is adapted with the best results, Hostetter's Stomach Bitters, a family medicine, comprehensive in its scope, has never been thrust upon public attention in the guise of a universal panacea for bodily ills. This claim, daily arrogated in the columns of the daily press by the proprietors of medicines for inferior to it as a medicine, has in a thousand instances disgusted the public in advance by its absurdity, and the prospect of other remedies of superior qualities have been handicapped by the pretensions of the worthless concoctions. But the American people know, because they have verified the fact by the most trying tests, that the Bitters possesses the virtues of a real specific in cases of indigestion, liver disorder, constipation, nervous, rheumatic, stomach and kidney troubles. What they do not know, and mainly for this reason it is ignored and recommended by hosts of respectable medical men.

The Briggs Case.

Editor Roundabout:

DEAR SIR:—There are so many Christian people in this land that do not understand what the trial of Dr. C. H. Briggs before the Presbyterian General Assembly involved, that I ask you to publish the following article from the *Texas Baptist and Herald*, which in a concise manner brings out the points involved, and oblige a member of the First Presbyterian Church:

I fear thousands of orthodox Christians have felt too little sympathy with our Presbyterian brethren in the struggle and victory over heresies of Dr. C. H. Briggs. Every true lover of Jesus and his word should praise God for the victory over this great heretic and traitor. For all Christians who accept the great and glorious doctrines of the divinity and vicarious atonement of Jesus, repentance and faith, and that "all scripture is given by the inspiration of God," should make common cause when these vital doctrines are assailed by these setters forth of things. For it is a mournful fact that there are scores and hundreds of ambitious men, many of whom have "crept into the church unawares" and were converted and are stealthily seeking to undermine and destroy the church while they are supported and honored by the denomination they are stabbing to the heart. A man who will remain in the church and gain his bread and butter from that church and sneakily seek its ruin is a worse traitor than Benedict Arnold. Because the very bond of Christian honor is love and confidence, hence they are forbidden to think evil or suspect a brother. The grandest thing Baptist W. Noel ever did was, just as soon as he began to seriously doubt that the church of England was the church of Christ, he came forward and said frankly: "I seriously doubt the doctrines of the venerable church of England, and I cannot preach her doctrine; I therefore resign my office as chaplain of her majesty the Queen and all the offices I hold, paying

A good appetite can be brought, like anything else, And good digestion follows it, too. Both of them come with Doctor Pierce's Golden Medical Discovery. That starts the torpid liver into healthy action, purifies and enriches the blood, cleanses and repairs the system, restores health and vigor, and builds up flesh and strength. For all diseases that come from a disordered liver or impure blood, Dyspepsia, Biliousness, Scrofula, Skin and Scalp Diseases—even Consumption (or Lung-weakness) in its earlier stages, the "Discovery" is the only remedy so sure and certain that it can be guaranteed. If it doesn't benefit or cure, in every case, you have your money back.

On these terms, it's the cheapest blood-purifier sold, no matter how many hundred doses are offered for a dollar for less—for with this, you pay only for the good you get. Can you ask for better proof of its superiority over all other blood-purifiers?

him over \$10,000, and dissolve all connection with the church that has honored me so highly and that I love so tenderly, and retire into obscurity where I can investigate profoundly the questions of baptism, church government and apostolic succession. If I find these are all sustained by the Bible I will return to the church of my fathers with increased love and devotion. But if I find the teachings of our venerable national church are not sustained by the Bible, I must follow wherever truth and conscience lead." After profound, honest investigation, he joined the Baptist church. All men honor the honesty and open dealing of this grand man. But a man who will creep into a church and receive its support and honors and secretly undermine and destroy the foundation principles is a Judas Iscariot or a Benedict Arnold. All the Christian world should honor Presbyterians for their noble battle for "sound doctrine." For the time has come "when men will not endure sound doctrine," but are heaping to themselves teachers having itching ears for some new thing. Every true Christian should guard with sleepless vigilance the gates of our Zion and receive no man into our houses unless he brings the glorious old doctrine and the old time religion with him. Rufus C. Burleson, Baylor University.

FRANKFORT ROUNDABOUT

FRANKFORT, SEPTEMBER 2, 1893.

The Convict's Lament.

God pity the wretched prisoner
In his lonely cell to-day.
Whoever the sin that tripped him,
God pity him still, I pray.
Only a glimpse of sunshine
Through the rugged walls of stone
To make his sad and aching heart
Mourn for loved ones at home.

Only a patch of air
To save his hopes upon,
Only surging memories
Of a past that is better gone;
Only pity from women,
Only hate from men,
Only the sobs of despair
Of a life that might have been.

Once we were little children
And then our untrained feet
Were led by a gentle mother
Towards the golden street.
Therefore, if in life's forest,
We since have lost our way,
For the sake of her who loved us
God pity us still, I pray.

And how often does he think this:
Are you sure the punishment stops
That tripped the feet of others
Might not have bruised your own?
Are you sure the sad-faced angel
Who writes our errors down
Will scribble to you more honey
Than him on whom you frown?

Or if a mendicant purpose
Unto your life be given—
An easier will to conquer
An easier road to heaven—
Then bless the hand that crowned you,
Remember well as you go:
It was not our own endeavor
That shaped our nature so.

And as he thinks of loving wife
And a home that might have been,
In the daily toll of prison life
Mid scenes of strife and sin,
Then a memory takes him back again
To the peace of other days,
Ever beneath the stain of sin
He saw her loving face.

He doubts not if the Governor knew
The thoughts of an innocent man
That he would ever hesitate
To extend him a helping hand.
So while an unfortunate convict
In his prison ups and downs,
Has composed this piece of poetry
For the Honorable John Young Brown.

Composed by
ANDREW HENRIKSEN,
"A convict in name, not in reality."
State Prison, Frankfort, Ky., July 26, 1893.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. RINGLING BROS. CIRCUS.

The Whole World Made Tributary to This Marvelous Tented Exposition.

The far-reaching enterprise of the Ringling Brothers, whose famous World's Greatest Shows exhibit at Frankfort, Wednesday, September 2, is bounded only by the limitations of the terrestrial globe itself. In their efforts to give to the public each successive season some new and hitherto undreamed of novelty, they have compelled every clime habitable and uninhabitable to pay tribute to their enterprise. The jungles of Africa and the pampas of the southern hemisphere have given up their treasures for this vast concourse of zoological, ethnological and aquatic marvels. The famous circuses of Europe have sent their leading equestrian and acrobatic features. Heading the list of great riders is Charles W. Fish, the champion somersault equestrian of the world. Neither America nor Europe has ever produced his equal. Chief among the phalanx of aerial stars are the Brothers Vernon. In their startling feats in mid-air they are without rivals. One hundred horses in a grand ballet militant astonish the multitude. Never before were dumb brutes taught to do so much and do it so well. The largest giraffe in captivity, a mammoth hippopotamus, two herds of ponderous performing elephants, a pair of baby elephants, a bicorned gnu, and other rare animals, are striking features of the menagerie. The free daily street parade is unsurpassed. To miss Ringling Brothers' Mammoth Shows is to miss the event of a lifetime.

The Street Railway Hung Up By The City Council.

Proceedings of that Body in Relation to the Matter.

CALLIED MEETING.

FRIDAY, Sept. 1, 1893.

All the members of the council were present except Councilman J. E. Miles.

The meeting was called for the purpose of considering the extension of the street railway on North Wilkinson street, or Lewis Ferry Road.

Councilman Watson offered the following:

WHEREAS, The Capital Railway Company having failed to comply with the provisions of the ordinance granting them certain rights, privileges and franchise in that they have failed to give bond as required by ordinance, and also having begun work on that portion of the Lewis Ferry Turnpike Company's road in the city limits before the tracks of said Railway Company had been shown or located by plan or diagram as required by said ordinance,

Resolved, That the rights and privileges and franchise granted by this council to the Capital Railway Company be, and the same are hereby, repealed. Adopted unanimously.

Mr. Watson moved the adoption of the following:

"That the mayor be requested and directed to see that work on the street railway be stopped until the resolution just adopted shall have been finally disposed of." Adopted unanimously.

Mr. Nelson, in behalf of Mr. Rupie, the contractor for the stone work for the piers of the bridge, stated that Mr. J. B. Hendrick required that he be paid for the privilege of stone being hauled over the roadway to the pier.

Mr. McClure offered the following resolution, which was adopted unanimously:

Resolved, That the sum of ten dollars be voted to Mr. J. B. Hendrick for the privilege of hauling stone and material to the abutment.

The council then adjourned until to-morrow morning at 8 a. m.

Deaths.

HEWITT—Miss Mattie F. Hewitt died Saturday at the home of her brother-in-law, Mr. John W. Mathews, in New Castle, after a lingering illness.

The deceased was a daughter of the late Judge John M. Hewitt, who was for many years a prominent lawyer and politician in this

city, and spent the earlier portion of her life here. In 1866 she removed to Nashville, Tennessee, where she became a teacher in the Ward Female Seminary. In 1875 she took charge of Warrendale Seminary, at Georgetown, which she conducted successfully until 1882, when she became principal of Jessamine Female Institute, at Nicholasville, building that institution up from a very small affair to a well-equipped boarding school and college, and some of the noblest women of this State and the South received their educational training at her hands. Early last spring she was compelled by failing health to give up the school, to seek much-needed rest, but never regained her health, the nervous prostration brought on by overwork finally causing her death.

She was an intelligent and accomplished lady, who was dearly beloved by pupils and patrons alike, and has left the impress of a noble Christian character upon the age in which she lived. The announcement of her death will bring sadness to numerous homes throughout the South, where she was known and loved.

Her funeral took place Monday at noon at New Castle, Rev. George Darsie, of this city, conducting the services, and many of her friends and relatives from this place were present to pay the last tribute of respect to her memory.

CORBETT—Mr. Patrick Corbett died at his home in South Frankfort Saturday morning, after a lingering illness, aged 38 years. His funeral took place Sunday afternoon at 3 o'clock from the Catholic Church, and was attended by the Catholic Knights of America, of which he was a member.

HALNAN—Mrs. Ellen Halnan died Friday evening of last week, at the residence of her son, Mr. James M. Halnan, on Main street, aged 82 years. The deceased was born in Ireland and had been a resident of this city for nearly fifty years. She was a consistent member of the Catholic Church, from which her funeral took place Sunday afternoon at 2:30 o'clock.

WASH—At his home, near Stedmantown, this county, on Sunday, August 27, Mr. J. B. Wash. The burial took place Monday at Stamping Ground.

SHAW—Mrs. Sallie A. Shaw, widow of the late John R. Shaw and mother of Mr. George Shaw, of this city, died Thursday at the home of her son-in-law, Dr.

George M. Reddish, in Somerset. The remains were brought here yesterday morning for interment, the funeral taking place from the Christian Church, of which the deceased had long been a member.

Pushing the Work.

Messrs. Taylor & Glore, the contractors for the new pavement on Second street, are going right along with the work. They have set the curbing from the alley between Shelby and Main to the corner of Shelby, and will have the stone on the ground to curb from the corner of Shelby to Steele street Monday. As soon as the curbing and guttering is completed the entire distance the sidewalk will be laid. Already the south side of Second presents a much better appearance.

COME TO HER REWARD.

Mrs. Prudence B. Hunt Laid Down Life's Burden

Yesterday Morning at 5 O'clock.

Mrs. Prudence Blackburn Hunt died yesterday morning at 5 o'clock, after a brief illness, at the home of her son-in-law, Mr. Frank Chinn, in South Frankfort, aged 75 years.

The deceased was a zealous Christian, and a member of the Methodist Church. Her life was filled with good works, and her greatest enjoyment in life was in making those about her happy, consequently she possessed the love and esteem of all with whom she came in contact. Her death will be sincerely mourned by white and colored alike wherever she was known.

She was born in Woodford county in this State, her maiden name being Blackburn. She was a cousin of Senator J. C. S. Blackburn and United States Marshal Jas. Blackburn and the widow of Major W. G. Hunt, a large planter in Washington county, Mississippi, before the war, who lost his life in the explosion of the steamer W. R. Carter, near Vicksburg, in 1866.

She leaves two daughters and two sons—Mrs. Russell Rodman, of this city; Capt. William G. and Mr. Flournoy Hunt and Mrs. Alice Johnson, of Mississippi, to mourn her death. One son—Col. George Hunt—and two daughters—Mrs. Stone, of Mississippi, and Mrs. Frank Chinn, of this city—having preceded her to the grave.

She was one of the Salt of the earth and her death was but the laying down of the old life in this world to take up the new in the bright and beautiful world beyond.

The funeral takes place this morning at 11 o'clock from the residence of Mr. Chinn, on South Shelby street.

All the Schools Will be Open.

We are requested by the President of the School Board to notify parents that all the public schools of the city—the South Frankfort, West End and Colored—will open their fall sessions on Monday, and they are requested to see that their children are present at the opening so that they may start in with the balance of the grades to which they have been or may be assigned.

Specimen Cases.

S. H. Clifford, of New Cassell, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrodsburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. UNEQUAL RIGHTS.

A Governor Paid and an Elevator Boy Docked for Time Not in Actual Service.

Gov. Brown yesterday again refused to approve the claim of Buford Williams, for nineteen days services in July, as elevator boy at the State House. The Governor had not notified Williams of his intention to make a change and the young man was ready every day of the period charged in his claim to begin work as soon as the elevator, which was broken, was put in proper repair. If the Governor meant to act in good faith to cut off pay for services not actually rendered, why did he not cut off his own pay as Governor while he was absent at Chicago and Lieut. Gov. Alford was serving and drew the pay therefor? The Governor, however, did not do this, but drew \$50 out of the State Treasury for services not rendered, and for time spent in Chicago while another person was performing his duty and receiving full pay for it from the State.

As in almost everyone of Gov. Brown's official acts, the motive for his remarkable spasm of economy in passing upon the claims of other persons than his own, may be traced, it is said, to the fact of young Williams' offensive partisanship in affiliating with the Auditor's department instead of the Executive side of the State House.

Matrimonial.

MUNFORD-AMES—Mr. Jas. Munford, of LaGrange, Ky., was married to Mrs. Laura Ames, of Bellepoint, Thursday evening at 8 o'clock, at the Methodist parsonage, Rev. H. G. Henderson officiating.

Pay your city taxes by the 12th of this month as the penalty will be affixed after that day. 57-2t.

New Manufactory.

Mr. U. Keenon opened in this city several months ago an establishment for the manufacture of hoops for tobacco hogsheads, which promises to be a success. The factory is located in the alley between Washington and Wilkinson streets, on the lot adjoining the planing mill of Mr. Robert Choate, and gives employment to some half dozen hands. The hoops are made of elm, gotten out by machinery, neatly dressed and put up in bundles of twelve ready for shipment, and those of our tobacco raisers who have used them pronounce them first-class and the best they have ever handled, as they enable the farmer to put up a neater and more substantial package than he can with the old hand-made article.

At present the factory turns out about seven hundred a day, but in a short time the capacity will be increased.

Very little noise has been made about the establishment of this new enterprise in our midst but it will soon become known to the wholesale trade and its product will be much sought after.

FOR SALE OR RENT—My house on West Main street, at present occupied by Col. Corbett's family. Possession given immediately. 52-14. MRS. W. B. RODMAN.

The New South and the World's Fair.

No section of the country, East, North or West, is taking a greater interest in the World's Fair at present than that portion lying south of Mason and Dixon's line, and typical Southerners, easily distinguishable in the immense throng by the graceful military bearing of the gentlemen and the rare beauty of the ladies, are to be met in great numbers on the Exposition grounds, in the corridors of the leading hotels and at the various social gatherings in the World's Fair City.

To a large extent the success of the Fair depends upon the Southern people; the Board of Managers expect hundreds of thousands of people from South of the Ohio river to attend the Exposition, and from present indications they will not be disappointed. The railroads are making extensive preparations to take care of the people, and their comfort enroute is fully assured.

The Big Four Route, which is the only line making connection in Central Union States, Cincinnati, with through trains of the E. T. V. & G. Queen & Crescent Route, Louisville & Nashville R. R., Kentucky Central R. R., Chesapeake & Ohio R. R., naturally forms the popular outlet for Southern travel, and to accommodate the business fine elegant vestibuled trains, with parlor cars, sleeping cars, dining cars and elegant coaches are run daily from Cincinnati to Chicago, stopping at Midway Place, the Main Entrance to the World's Fair, 60th St., Hyde Park, 61st St., 59th St., 58th St., and running into the new 12th St. Station on the Lake Front. All the World's Fair hotels and boarding houses are located adjacent to the Big Four stations and passengers via the popular line avoid the long, tiresome transfer across the city necessary by all other lines from Cincinnati. There is positively no other line landing passengers at the stations named, and as it affords in addition to the comfort and convenience a great saving of time and expense, all the South who contemplate a trip to the World's Fair should be sure to ask for tickets via the Big Four Route.
